

LEARNING AND STUDENTS

Study programs

INRTU is committed to the policy of sustainable development, including the educational policy. The key elements of this educational policy of Polytech are the implementation of individual educational programs with a focus on achieving SDG. In view of this, INRTU Department of Theory of Law, Constitutional and Administrative Law trains bachelors in major "Jurisprudence": [criminal law](#) and [civil law](#). Here the students are provided with getting knowledge in Jurisprudence. Two departments at School of Economics, Management and Law train postgraduate students in Jurisprudence: Constitutional law; constitutional judicial process; municipal law and [Theory and History of Law and State: History of Doctrines of Law and State](#). The university has specialized classrooms: a forensic science laboratory and a courtroom, where students acquire skills in working with forensic equipment, conducting a trial and defending their position on a case. Doctors and candidates of science use an individual approach to each student and are proficient in modern teaching methods during the educational process. Students form the foundations of practical competence in the process of completing an [internship](#), which can be completed in Irkutsk and Irkutsk region.

Implementation of Educational Programs

In order to promote the development of legal culture, professional thinking, increasing interest in the legal profession the [XI Inter-University Olympiad](#)

took place in December at INRTU, which was held on the Day of the Constitution of Russia. During the event, questions on the history of development of constitutional legislation and practice, situation problems were solved.

RESEARCH

INRTU hosted the VIII All-Russian Scientific and Practical Conference of Students and Young Scientists 'Constitutionalism and Power in Russia: History, Contemporary Problems and Prospects' ([CONSTITUTION30.RF](#)). Over 300 participants from 36 regions discussed topical issues of jurisprudence, found new approaches to solving problems of current legislation.

PUBLIC ENGAGEMENT

Innovative aspect

At the forum '[Problems of Mass Communication: Innovative Aspect](#)' the students discussed the development of new media and the relationship between journalism and law.

One of the results of the forum was an agreement on co-operation between INRTU and the Mongolian National University of Arts and Culture.

Awards

INRTU undergraduate students won the contest 'My Legislative Initiative'. The contest is a project of the national system 'Integration'. The experts evaluated the proposals of the students concerning raising the prestige of the bailiff's profession and improvement of pledge relations. Rector Mikhail Korniaikov presented the [awards](#) to the winners.

OPERATIONS

Scholarship

Every year, INRTU students who are successful in their studies and have no academic debts receive [state academic scholarships](#), and Polytech also prepares pleasant bonuses for talented and outstanding first-year students. Thus, students who entered in 2023 with 210-249 USE scores are offered free breakfasts during the academic year, the opportunity to attend elective courses. Those who had 250-300 points according to the results of the USE are also entitled to a scholarship of 12.5 thousand rubles until the end of 2023. Two first-year students who entered INRTU out of competition based on the results of Olympiads will be paid a scholarship of 20 thousand rubles until the end of 2023.

Co-working Center

Tochka Kipeniia is a [co-working center](#) that exists for educational and project activities of university students and employees. In addition, a co-working center helps university students and staff avoid the problems associated with working at home alone, as well as unpredictable factors. In Tochka Kipeniia, INRTU Coordination Centre for Formation of Active Citizenship among Youth, Prevention of Interethnic and Interfaith Conflicts, Countering the Ideology of Terrorism and Prevention of Extremism implemented a professional development program for employees of executive authorities of Irkutsk region municipalities.

Financial benefits

The university makes payments such as incentive allowances and additional [benefits](#) to the university staff, based on an effective contracts system of scientific and pedagogical staff. One of the main tasks of this system is the formation of an effective system of material and [moral stimulation](#) of the university staff.
